RECYCLING

WHAT DOES NOT BELONG !

PLASTIC BAGS

WHY NOT: They wrap around the sorting equipment.

INSTEAD: Recycle your bags at a participating grocery or retail store.

BAGGED RECYCABLES

Keep it loose! Don't bag up your recyclables.

INSTEAD: If you collect your recyclables in a plastic bag, please simply dump the recyclables out into your bin.

CLOTHES

WHY NOT: They wrap around the sorting equipment.

INSTEAD: Donate them through a local clothing drive, drop box, or reuse store.

TANGLERS

WHY NOT: They wrap around the sorting equipment.

INSTEAD: Place your unwanted cords, ropes, hoses, and other tangles in the trash.

ELECTRONICS

WHY NOT: They get broken during sorting. Batteries and chemicals are unsafe for our workers.

INSTEAD: Look up your local electronic waste recycler or retail take-back programs.
